INFORMAL MEETING FOR ALL SHRIMP ENTHUSIASTS

-

Meet and greet. We offer the opportunity to meet each other without any program constraints and discuss the topics that interest you the most.

18:00

We suggest:

- Overview of developments of PL production in Europe (Who is building hatcheries)
- Cementing the Industry (5-10 years production in Europe...and now?)
- Estimating total European production (Collecting and reporting annual production for Europe)
- Alternative and new species (Are new species needed, what about co-cultures?)
- Latest Research Projects Joining Industry and Science; Open session on pressing demands
