

The background of the slide is a photograph of a tide pool. The water is clear and reflects a large, reddish-brown rock formation that stands in the background. The foreground is filled with dark, wet seaweed and rocks. The overall scene is a coastal landscape during low tide.

# The Euroshrimp Community

# Why the community?

Many producers of shrimp in land-based systems Europe-wide!  
Euroshrimp Symposia – 2017, 18, 19...

Forum Members from Britain to Bulgaria, Holland to Turkey

“Forum for everyone who is into shrimp... and also a place where we, the scientists could identify ***areas needing development, bottlenecks, challenges***, that can be addressed in the future.”

<http://www.euroshrimp.net>

# Who we are

We are enthusiastic Scientists and Networkers dedicated to support, improve and promote Shrimp Aquaculture throughout Europe.

# What we are

A point of contact for European Shrimp stakeholders. We aim to connect European shrimp producers - supplying information, offering help and providing support within the network.

# What we want

Producers, dealers, scientists, service providers, investors, students, experts or amateurs, join the network. By building and maintaining this network, we want to enable you to get in contact with each other, discuss topics or find support.

# What we are wondering?

European shrimp farm investment passes maybe 50 Million Euro?

European RAS Shrimp production passes maybe 75 tonnes????

= Established Production and Lessons Learned

**3-4 European Hatcheries being built? DE, IT, AT, UK**

# Webinar – Diverse Talks

Hatchery Operators, Farm plus Hatchery Operators, Farm Operators, Service Providers, Improved Genetics Specialists, Applied Scientists....

**PRODUCTION STATUS OF EUROPEAN HATCHERIES**

# Housekeeping

Please turn your video off if possible.

Please turn your microphone off at all times (only turn on when you're speaking).

If you wish to register a question during the question session at the end of each talk (or during the general discussion), please simply put an !

...or type „**I have a question**“ into the chat and your question will be registered in the appropriate order.

Enjoy...
