

Dear EuroShrimp Community,

The EuroShrimp Industry session at the European aquaculture Society conference in Rimini is drawing near and we would like to give you a short update on place and time of our meeting.

The session will take place on the 29th September from **2 pm to 5 pm** at the **Palacongressi di Rimini** in the **Porto room** with space for about 80 participants. You can expect exciting presentations on the topic of European shrimp farming and on the latest practice-oriented research at different universities and institutes in Europe.

After the presentations, we offer the opportunity to exchange with the participants and the speakers and to ask and answer questions, make contacts and to network within the EuroShrimp Community.

We will inform you about the detailed program in the upcoming weeks, in the meantime, you can check out our past events on <https://www.euroshrimp.net/events/> to get an impression on what to expect at our meeting.

We are excited to meet you and are looking forward to a diversified and interesting afternoon around the topic of Shrimp Aquaculture.

Kindest wishes

Gregor, Matt and the Euroshrimp Team
